The Coalition of Mainstream Employment Programs

www.cmepnyc.org

The Coalition for Mainstream Employment Programs (CMEP) is the most dynamic and diversified (and only) professional group in NYC devoted solely to training agency staff who place individuals with disabilities in competitive jobs.

Our group focuses on vital issues directly affecting the placement and support of workers. These include the new VESID contract procedures, Medicaid Waivers for MRDD Extended Services, job coach training, sharing of job leads, and regular face to face meetings with representatives from VESID, NYC's Dept. of Mental Health/Mental Retardation and OMRDD, OMH, DOL, etc.

In addition, the CMEP has been THE prime information source in NYC for welfare-to-work issues, as they affect the disabled.

Who? New York metropolitan area providers of integrated employment

What? Bimonthly meetings, monthly seminars and training's, professional job listings, etc.

**Where?
Location varies.**

How? Funded through membership dues as well as training grants

through VESID.

Why? It's the only way to stay on top of this dynamic and changing field.
